

TSl -Trusted Support Inc

What we do best -

Support for Municipalities and Utility Companies is our business

After Hours Support and Customer Contact is a key to many utility companies success and TSl not only saves time but money. Let us take your calls and help you offer the best support to your customers.

With Cloud Trouble Tickets and Work orders we can notify technicians , management and clerks of an issues we may receive. We can also interface to your network to see others that may be affected.

Our partner SSCI company currently works with over 500 utilities for Billing and accounting services. Let us help you with support.

Call 314-210-8922 or email us at TSl@TSl.com
